

## Salesforce Developer

### Employment Type

Permanent

### Base Salary

£ €50,000 - £ €80,000

### Industry

Salesforce

### Description

Third Republic is presently working with a vendor of Business Process Management (BPM) software. They have footprints in both Berlin and Silicon Valley. Their innovative business process modeling tool have already helped many businesses expand their operations rather rapidly.

My client is looking for a bright, young and talented Salesforce Developer who can handle the business needs and provide support as needed.

### Responsibilities

- Engaging with users for identifying or meeting new business needs
- Ensuring the best possible quality application
- Taking care of management and deployment activities
- Managing integration with other systems
- Testing and debugging
- Building high-performance, reusable, and reliable systems
- Handling Flows, Process Builders, Approval Processes, and Workflow Rules
- Providing support in user support/administration

### Qualifications

- Solid experience of working as a Salesforce Developer
  - Hands on experience in Apex, Lightning Components and Visualforce
  - Prior experience in integrating Salesforce with 3rd party applications
  - Hands-on experience in administration setup and security controls
  - Ability to prioritize and meeting deadlines
  - Strong analytical and problem-solving skills
- 
- Having a Salesforce certification would be an added advantage

### Benefits

- Open, agile and communicative work atmosphere
- Competitive remuneration up to 50,000-80,000 Euros p.a
